

Telok Kurau Primary School Information & Communication Technology (ICT) Committee

E-learning

E-learning is one of the modes of teaching and learning in the school. It allows your child to learn at his/her own convenience, time and pace. By empowering students with this form of self-directed learning, we hope to make them into independent learners.

A parent account has also been created for you to enable you to monitor your child's progress in the use of the portal. You are also able to participate in online surveys conducted by the school. The login procedure is similar to your child's except that your login ID begins with 'P_Your Child's BC No'. Please refer to guide below.

MC Online Portal Login Guide
