**I would like to express my appreciation to Ms Lau, Mdm Irene Chua and Mdm Rashidah for taking prompt actions when I had raised some concerns on my child's transition into P1, specifically after school care. On his first few days of P1, he was complaining about going to student care although he had always been in full day child care prior to P1. I was glad that in both occasions, Ms Lau and Mdm Chua, had taken the effort to check with the Year Head, Mdm Rashidah timely. Mdm Rashidah had also attended to my child promptly to address his concerns without which I fear that my child's rejection to student care may escalate further.**
