Eshan's development in Bahasa Melayu has shown leaps of improvement under the caring tutelage of Cikgu Naime.

Eshan often excitedly relays to me the physical rewards that Cikgu Naime has given the students (which she does not have to) to spur on continual triumphs no matter how small.

She takes effort to address any issues diplomatically as well.

Cikgu Naime's innate passion to teach reminds me of this quote

-

'Teachers who love teaching, teach children to love learning.'

You are indeed a very tactful person. Controlling the traffic flow during the peak hours, with many vehicles and students rushing to their destinations is not an easy task. But you managed to do it dilligently putting the student's safety as your priority.

Despite busy controlling the traffic, your tactfulness has gotten my attention.

I saw you concernly instructing a student who was walking on the side of the road to go up on the pavement.

Then we sought Mdm Rashidah for help. And she was ready to help us make temporary arrangements to make it happen.

And when we requested her help for the "After Schoolcare Programme", she helped advise us on the necessary docs required for the registration, the fees to pay & date for registration. She is always there to offer help whenever we need despite her busy work schedules!
