Cikgu Faizal really cares and takes a lot of effort and time to always update us parents on our child's activities, homework, achievements, head ups on coming tests etc and for that, I would say he is a commendable teacher. He was also my eldest boy's Malay teacher during his primary school days. He really gave a positive impact to my children and also to the parents. It feels good to have a teacher whom we can always approach to and feel like a family. Truly an inspiration! Thank you Cikgu Faizal!

Thank you for bringing me to the stage I am now on. The times you scolded me for not doing homework or not bringing it back to school, the times you told me to be more recipient for problems. So thank you Mrs Raj.

Mrs Tan is my co-form teacher. She is a very kind teacher and ensures that all her pupils have integrity and discipline. She encourages her pupils to do well in their individual talents and strengths. She teaches my class English and when our form teacher was absent, she took up the job of teaching my class an additional subject: Science. She also taught us during ECS when my form teacher could not teach us. She is truly an amazing teacher and role model. I look up to her a lot and this is why I value and appreciate her a lot.
